## Introduction

TXBITCOIN Ai is a one-stop solution for agencies and website operators, providing top-tier tools for content creation, social media growth, and sales platform delivery. It assists in expanding reach across platforms like Twitch, TikTok, Facebook, and YouTube, optimizing content promotion and maximizing revenue through a single, powerful token.

## Mission

TXBITCOIN Ai is an all-in-one solution for agencies and website operators seeking top-notch tools for content creation, social media growth, and sales platform delivery. This token offers comprehensive services, including high-quality content creation and management for various social media platforms. It helps in expanding reach, developing effective marketing strategies, and organically promoting content on platforms like Twitch, TikTok, Facebook, and YouTube. The platform equips users with resources to enhance efficiency and seamlessly integrate into existing systems, aiming to maximize conversion rates and revenue generation. TXBITCOIN AI presents a revolutionary approach to crafting engaging content, fostering a loyal following, and maximizing revenues through a single, powerful token.

## **LIQUIDITY**

Every transaction generates liquidity, which is then immediately sent to PancakeSwap, with a 1% contribution from each transaction.

## **MARKETING**

For each transaction, i.e. sale, we charge 1% as a marketing fee.
